May 12, 2010, Milford, NH

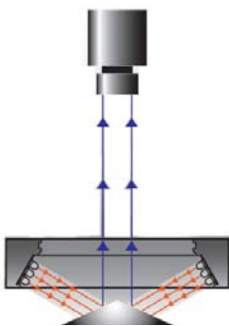

LED Low Angle Direct Ring Lights at LDDLIGHT.com

The new IDR-LA Series LED Low Angle Direct Ring Lights from LDDLIGHT.com are designed for applications requiring high light intensity at close working distances. Unique within our [Dark Field Lighting Family](#), IDR-LAs are designed to condense light in an area and are equipped with dual or triple rows of angled LEDs. The IDR-LA delivers a low angle of illumination onto a part's surface, enhancing contrast of raised, indented or textured surface features. IDR-LA models are used successfully in machine vision applications requiring dark field lighting for surface inspection, inspection of bottle mouth integrity, code reading, and others.

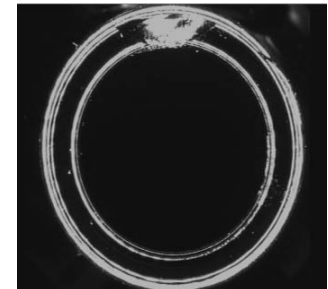

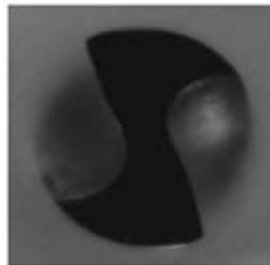

Available in seven sizes with outer diameters of 38, 50, 74, 100, 120, 140 and 200 millimeters, IDR-LA models are available with red, white, blue or green LEDs. Additional wavelengths and sizes may be custom ordered. Optional [diffusers](#) are available for applications requiring improved lighting uniformity.

IDR-LAs deliver real customer value through their high build quality and competitive pricing. To see all available IDR-LA Low Angle Direct Ring Light models and pricing, visit <http://www.iddlight.com> and enter "IDR-LA" into the site's Search Box.

IDR-LA Series Low Angle Direct Ring Lights Deliver High Intensity at Close Working Distances.

The IDR-LA Low Angle Direct Ring Light Illuminates a Drill Bit Tip (left) and Highlights a Defect on the Mouth of a Glass Bottle (above).

About LDDLIGHT.com

LDDLIGHT.com offers an extensive lighting line. Detailed and graphical specifications assist you in choosing lighting techniques. Simple menu guide you through model choices and help you add the right light and accessories to your shopping cart. Enter your account information, select a shipping method, and use the encrypted checkout for fast, secure credit card purchases. Don't want to use a credit card? No problem, just enter your PO number and we'll invoice you. Products are quickly shipped, and backed by a 2 year warranty and "no questions" return policy.

LDDLIGHT.com is the domain of LDD Trading Associates, LLC.

LDD's headquarters are at 119B Emerson Road, Milford, NH 03055.
